## Features

- |                   |   |
|-------------------|---|
| Applications      | <ul style="list-style-type: none"> <li>- 3-4 Wheels Electric CB Lift Trucks</li> <li>- Ground Support Equipment</li> </ul>  |
| Standard Features | <ul style="list-style-type: none"> <li>- Drive Motor Coaxial with Drive Axle</li> <li>- Wet Disc Parking Brake</li> <li>- Wet Disc Service Brake</li> <li>- Easy to Service</li> <li>- Optimized installation envelope</li> <li>- Maintenance Free</li> <li>- Optimized gears profile for noise level reduction</li> <li>- Integrated Master support</li> <li>- Compact and Modular Design</li> </ul> |
| Optional features | <ul style="list-style-type: none"> <li>- Mechanical actuation by lever of service brake</li> </ul>  |

## Specification

Max radial load	Kg	4500 ONE SIDE
Ratio	I :	23~26.2
Power	kW	7KW*2
Battery voltage	V	48~80
Weight	Kg	105[EST] ONE SIDE

**SW2H dual drive axles with integrated motor is high-quality breakthrough in the forklift truck and commercial vehicle !!**

**SW2H dual drive axles is the innovative technical issues solution that matches the long term experience of SEIL industries in strength and reliable gearboxes design and manufacturing with SEIL new high performances electric motor and Gearboxes !!**
